ABOUT US

Our name says it all, Alusani® means 'helping to build and grow' in Tshivenda, and we believe that our training courses do just that for both your Course Participants and organisation as a whole. Our short courses are not run-of-the-mill, because we do things a little differently than other training companies you may have worked with in the past.

We research skills gaps and from there we then design and develop all of our training courses in great detail with one aim in mind - to help you take your Course Participants and your company to the next level. Having this capability in-house allows us to conduct an in-depth training needs analysis, pinpoint urgent skills gaps and design practical learning modules which are highly relevant to your working environment.

OUR AVAILABLE TRAINING DELIVERY OPTIONS

At Alusani Skills & Training Network® we currently offer over 175 courses in 19 different subject areas. We believe that the end result of any training or learning intervention should show a significant return on investment, whether it is increased performance, profitability or efficiencies. But no matter what option you choose, you will receive excellent customer service but more importantly you will receive the most in-depth, up-to-date and practical training available anywhere!

ABOUT OUR PUBLIC TRAINING COURSES

Our public training courses run either as traditional classroom or online options provide a quick and easy way for an individual or a small team to quickly get up-to-speed on specific skills sets. These courses are scheduled throughout the year and are held in professional training facilities across the length and breadth of South Africa or online.

ABOUT OUR ONSITE/IN-HOUSE TRAINING OPTIONS

This option provides a more economic and convenient training solution for companies with 8 or more Course Participants. Any of our training courses can be supplied off-the-shelf or they can be customised to meet the unique needs of your team. Our Corporate Account Executives are uniquely qualified to help you and they take all of the guesswork and worrying out of the equation.

To find out more information about our onsite/in-house training options, pricing and Course Leader availability, please contact Imogen Tarita at onsite@alusani.co.za.

OUR EQUITY CREDENTIALS

Driven by a team of highly experienced and passionate professionals with over 25 years in the training arena; Alusani Skills & Training Network® is a truly empowered training organisation. 100% Women Equity with 51% Black Woman Ownership. We also believe that economic growth, development and empowerment are not only necessary but complementary processes.

Remember that when selecting a training provider that their B-BBEE rating directly affects your own and the higher the training provider's level the more you can claim back towards your own procurement spend.

For example, if you choose a training provider who only has a Level 6 rating, this means that only 60 cents of every training Rand that you spend with them will count towards your own BEE scorecard.

"Just the name you know."

WHAT MAKES US DIFFERENT

POST COURSE SUPPORT

From our extensive experience in training provision, we have realised that the learning experience should extend beyond the time in the actual classroom.

We realise that our training courses cover vast areas of subject matter and that inevitably questions will arise after the training course.

Typically after a short-course, you return to the workplace pressured by missed work time and faced with email overflowing from your inbox. The course reference manual gets put on the shelf and rarely gets opened again. In order to support the transition and implementation of the course learnings, we offer Post-Course Support.

For each course that you attend you will receive monthly emails for 12 months after the course which include reminders about specific course content, bonus material and limited email access to the Course Leader to clarify specific course content.

ACCESS TO OUR WEBINAR LIBRARY

Your registration fee allows you access to our entire Webinar Library for 3 months after the training course - **ABSOLUTELY FREE!**

OUR ACCREDITATION STATUS

SERVICES SETA

Alusani Skills & Training Network® has Full Accreditation as a Provider of Education & Training for the provision of learning programmes with the Services SETA. This means that we have successfully passed a comprehensive SETQAA evaluation audit of our quality management practices in relation to eight core criteria as specified by SAQA. We offer both short courses and credit-bearing learning programmes.

Our Accreditation Number is 2536.
